## Project Description

According to IFC website, the project consists of a senior debt package to PT Indonesia Infrastructure Finance in Indonesia. The Project will support the Company's lending program for a pipeline of infrastructure projects in Indonesia. The development impact of IFC's investment in the Project is expected to be high given that it will:

1. Support the Government of Indonesia's efforts in increasing investment in infrastructure projects, both for increasing urbanization as well as rural integration;
2. Improve access for the Indonesian population to infrastructure such as electricity, water, transportation, telecommunications, etc.;
3. Continue know-how transfer in the areas of Environmental and Social ("E&S"), risk management and project finance underwriting;
4. Bring economic benefits to the country by dividends generated by the infrastructure projects as well as taxes levied to the project companies;
5. Promote job creation at the project company that receives financing from the Company as well as in businesses that provide services to such project company.

## ACCOUNTABILITY MECHANISM OF IFC

The Compliance Advisor Ombudsman (CAO) is the independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an IFC or MIGA- financed project. If you submit a complaint to the CAO, they may assist you in resolving a dispute with the company and/or investigate to assess whether the IFC is following its own policies and procedures for preventing harm to people or the environment. If you want to submit a complaint electronically, you can email the CAO at [CAO@worldbankgroup.org](mailto:CAO@worldbankgroup.org). You can learn more about the CAO and how to file a complaint at <http://www.cao-ombudsman.org/>
