Support for the implementation of sustainable rural development operations in Brazil

Project Description

According to the IADB, the general objective of the TC is to improve the performance and impact of operations that support sustainable rural development in Brazil. The specific objectives are to: (i) strengthen the institutional and operational capacities of key state-level executing and co-executing agencies responsible for the implementation of IDB-funded projects; (ii) foster policy dialogue on sustainable agriculture at state and federal levels.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IDB / IDB INVEST

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IDB Invest)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IDB Invest is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
