Quick Facts

Financial Institutions	Inter-American Development Bank (IADB)
Status	Proposed
Bank Risk Rating	C
Borrower	Regional
Sectors	Finance
Investment Type(s)	Grant
Investment Amount (USD)	$ 1.50 million

Project Description

The overall objective of this technical cooperation project (TC) is to build capacity in Borrower's institutions and executing agencies to implement environmental and social requirements in IDB projects, according to the new Environmental and Social Policy Framework (ESPF).

The specifics objectives of this TC are to: (i) increase executing agencies' understanding and knowledge of the new Environmental and Social Policy Framework, through expanded, specialized technical training via online and in-person courses; and (ii) promote the exchange of knowledge and good-practice experiences, through collaborative south-south learning activities, and documentation and dissemination of good practices and technical information.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
