<b>Investment Amount (USD)</b>	\$ 0.50 million

### **Project Description**

This project aims to consolidate a regional cooperation action of the ACTO Member Countries in border areas of the Amazon Basin, which allows reducing in the short term the impacts of COVID-19 and the threats of emerging and endemic tropical diseases in indigenous peoples highly vulnerable in border regions, with special emphasis on indigenous peoples in a situation of initial contact due to their situation of vulnerability, and contribute in the medium term to the formulation, promotion, consolidation and institutionalization of public policies for the provision of health services that respond effectively to the needs of these populations, in coordination and jointly with the Ministries of Foreign Affairs and public entities governing health and indigenous peoples.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

No contact information provided at the time of disclosure.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
