Project Description

According to bank documents, in June 2013, the Government of Mongolia requested the ADB to provide TA to strengthen public finance resource management. The TA will help the government (i) strengthen its public finance resource management by improving its institutional capacity to manage public debt, (ii) enhance treasury operations through the development of a sophisticated cash flow forecasting model, and (iii) build sufficient institutional capacity to establish an efficient and independent MSWF management institution. The TA will have the following components:

Component 1. Public Debt Management

Component 2. Cash Management System

Component 3. Mongolian Sovereign Wealth Fund

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: <http://www.adb.org/site/accountability-mechanism/main>
