Project Description

According to the Bank’s website, the proposed technical assistance (TA) will provide capacity-building support to the government in improving project implementation and enhancing project readiness of future pipelines in line with the Bangladesh Country Partnership Strategy (CPS) 2021-2025. The proposed TA will also provide knowledge support through upstreaming and just-in-time knowledge to enhance pipeline development and policy dialogue. At the same time, the TA will facilitate the effective sharing of One ADB knowledge. TA activities will be coordinated and implemented by the Capacity Development Resource Center in Bangladesh Resident Mission (BRM-CDRC).

To identify the capacity building and knowledge needs of government officials, BRM-CDRC conducted a comprehensive training needs assessment (TNA) and developed indicative training calendars for 2023 and beyond. To effectively deliver all capacity-building activities and knowledge needs, BRM-CDRC, in partnership with reputed training provider institutions, will coordinate with the Asian Development Bank Institute (ADBI) and the One-ADB training program to deliver capacity-building to government officials in a systematic and institutionalized manner.

Investment Description

- Asian Development Bank (ADB)

The TA financing amount is $1,500,000, which will be financed on a grant basis from ADB’s Technical Assistance Special Fund (TASF 7).
