Investment Description

- World Bank (WB)

According to the project disclosure published by the World Bank, the funding consists of a US\$ 5.00 million grant from the Partnership for Market Implementation Facility.

The [Partnership for Market Implementation \(PMI\)](#) assists countries to design, pilot, and implement pricing instruments aligned with their development priorities. A 10-year program with a capitalization target of US\$250 million, the Partnership brings an ambitious and long-term vision for the viability of carbon markets to its support for programs and policies - across jurisdictions and sectors - that introduce a strong price signal on carbon emissions and contribute to the Paris Agreement goal of limiting temperature rise to 1.5°C.
